

iGT UNC / iGT INC Consultation Response

Date	8 th July 2011
Reference	UGI037/GTC0346/GPL045 Modification Proposal Consultation
Title	Clarification of I&C RPC Migration Dates for I&C Sites which have an Ofgem RPC derogation
Respondee	Colette Baldwin E.ON UK
Position on the Modification	Support Modification

Facilitation of the relevant objectives

How this proposal will, if implemented, better facilitate the “code relevant objectives”, as defined in Standard Condition 9 of the Gas Transporters Licence. For those answered Yes to, please provide a detailed explanation below the table.

<i>Relevant Objective</i>	<i>Yes/No</i>
a. the efficient and economic operation of the pipe-line system to which this licence relates	Yes
b. so far as is consistent with sub-paragraph (a), the coordinated, efficient and economic operation of the pipe-line system of one or more other relevant gas transporters	
c. so far as is consistent with sub-paragraphs (a) and (b), the efficient discharge of the licensee's obligations under this licence	Yes
d. so far as is consistent with sub-paragraphs (a) to (c) the securing of effective competition between relevant shippers and between relevant suppliers	Yes
e. so far as is consistent with sub-paragraphs (a) to (d), the provision of reasonable economic incentives for relevant suppliers to secure that the domestic customer supply security standards are satisfied as respects the availability of gas to their domestic customers	
f. so far as is consistent with sub-paragraphs (a) to (e), the promotion of efficiency in the implementation and administration of the network code and/or the uniform network code referred to in paragraphs 2 and 5 respectively of this condition	Yes

Relevant Objectives to be better facilitated:

Likely impact on environment?

How this proposal will, if implemented, impact on greenhouse gas emissions?

None

Implementation issues including impact on your systems

None

iGT UNC / iGT INC Consultation Response

The modification needs clarity from the Pipeline Operator in terms of the definitions to be used in the code to identify these specific supply points accurately.

The licence derogation from RPC relates specifically to I & C supply points, however this is not a definition within this network code, so early sight of the Pipeline Operator's proposed legal text will help in ensuring the modification progresses efficiently.

Completed forms should be returned to the iGT UNC Representative, Genserv Ltd at iGT-UNC@genserv.com or faxed to 020 7090 1001
