Please briefly summarise the key reason(s) for your support / opposition

We support the modifications intentions to update the iGT UNC to reflect CGR3 direction so that modifications are considered as self-governance unless they are determined to require authority consent.

Self-Governance Statement

Do you agree with the Modification Panel's determination with respect to whether or not this should be a self-governance modification?

We agree for this modification to be self-governance as it does not have a material impact on competition, the operation of the pipeline system or material changes on the modification procedures.

Please state any new or additional issues that you believe should be considered

N/A

Relevant Objectives

How would implementation of this modification impact the relevant objectives?

Objectives f) will be positively impacted because the iGT UNC amendments will facilitate consistent decision making on determining if the modification requires authority consent or will be self-governance.
