Please briefly summarise the key reason(s) for your support / opposition

This modification will permit the CDSP to provide Shipper performance reports, in line with UNC Modification 0520A – Performance Assurance Reporting, Schedule 1 and 2, and to include iGT Supply Points in the reports.

Currently, the PAC is unable to receive any MOD0520A Schedule 1 reports, as the reports include iGT supply point information and the CDSP believes that permission is required via the iGT UNC to allow them to release this information. Furthermore, when the CDSP publishes the Mod0520A Schedule 2 reports, these should also contain iGT Supply Point information to allow PAC to monitor risks associated with settlement performance.
