Support Implementation ☒

Qualified Support ☐

Neutral ☐

Do Not Support ☐

Please briefly summarise the key reason(s) for your support / opposition

BUUK support the implementation of this modification and allowing the UNC Performance Assurance Committee (PAC) access to the IGT supply points via the Shipper Performance reports.

We recognise the CDSP will be providing this information on our behalf and that the relevant permission exists within code.

We recognise by granting this access this ensures the 0520A reports can be sent to the PAC enabling a full understanding of the risks associated with settlement performance.

Self-Governance Statement

Do you agree with the Modification Panel's determination with respect to whether or not this should be a self-governance modification?

BUUK agree this modification meets the criteria of self-governance.

Please state any new or additional issues that you believe should be considered**Relevant Objectives**

How would implementation of this modification impact the relevant objectives?

We feel objective f) has been met and this modification promotes the efficiency in the implementation and administration of the code. We feel objective d) has also been met in that it aids in a cross code issue.

Impacts and Costs

What development and ongoing costs would you face if this modification was implemented?

We believe there are no anticipated costs associated with this modification.

Implementation

What lead time would you wish to see prior to this modification being implemented, and why?

We support implementation as soon as is reasonably practicable.

Legal Text

Are you satisfied that the legal text will deliver the intent of the modification?

We agree the legal text delivers the intent of the modification.

Further Comments

Is there anything further you wish to be taken into account?
