Please briefly summarise the key reason(s) for your support / opposition

Ofgem approved the use of performance reporting in April 2016 under UNC 0520A to allow the Performance Assurance Committee (PAC) to make key decisions to improve settlement in the gas industry. It is essential that this self-governing modification is approved and implemented as soon as possible to ensure the CDSP can release iGT supply point information to be included for use in performance reporting.

Self-Governance Statement

Do you agree with the Modification Panel's determination with respect to whether or not this should be a self-governance modification?

I agree that this modification should be treated as self-governance as this is an enabling modification to allow the CDSP to release iGT supply point information.

Please state any new or additional issues that you believe should be considered

N/A
