

Consultation Response**iGT104: Permissions modification to allow the CDSP to release iGT supply point information under UNC MOD0520A**

Responses invited by: 17 Jan 2018

Respondent Details

Name: Andrew Margan

Organisation: Centrica Plc

Support Implementation x

Please briefly summarise the key reason(s) for your support / opposition

Release of this data will enable PAC to better understand shipper performance. Improving net shipper performance should lead to a more efficient industry and therefore a more competitive industry, we support this proposal.

Self-Governance Statement

Do you agree with the Modification Panel's determination with respect to whether or not this should be a self-governance modification?

Support self governance

Please state any new or additional issues that you believe should be considered

None identified

Relevant Objectives

How would implementation of this modification impact the relevant objectives?

Relevant Objective D

Impacts and Costs

What development and ongoing costs would you face if this modification was implemented?

Insert text here

Implementation

What lead time would you wish to see prior to this modification being implemented, and why?

We believe as early as possible implementation to ensure PAC has relevant information to function effectively.

Legal Text

Are you satisfied that the legal text will deliver the intent of the modification?

Yes

Further Comments

Is there anything further you wish to be taken into account?

None

Responses should be submitted by email to iGTUNC@gemserv.com
