Name: Cher Harris

Organisation: Indigo Pipelines Ltd

Support Implementation Y

Qualified Support ☐Neutral ☐Do Not Support ☐**Please briefly summarise the key reason(s) for your support / opposition**

We believe this is necessary to mitigate financial risk to the Pipeline Operators if the CDSP fails in its obligations to provide accurate and timely data. The amendments developed by the Workgroup are acceptable to us as they provide a pragmatic solution to the concerns raised by some Pipeline Users.

Self-Governance Statement

Do you agree with the Modification Panel's determination with respect to whether or not this should be a self-governance modification?

This Mod should not be Self-Governance

Please state any new or additional issues that you believe should be considered

None identified

Relevant Objectives

How would implementation of this modification impact the relevant objectives?

This Mod supports Objectives A & F:

Objective A – promotes economic operation of the pipeline system by removing a financial risk that is beyond the control of the pipeline operators

Objective F – promotes efficiency in the administration of the Code by clarifying ambiguity in the existing legal text

Impacts and Costs

What development and ongoing costs would you face if this modification was implemented?

Negligible

Implementation

What lead time would you wish to see prior to this modification being implemented, and why?

February 2018 release would be our preference in order to avoid a gap between provisions of Mod 097 falling away and Mod 102 starting

Legal Text

Are you satisfied that the legal text will deliver the intent of the modification?

yes

Further Comments

Is there anything further you wish to be taken into account?

no
