

Consultation Response

IGT126F: Alignment between the IGT UNC and UNC for Unregistered New Supply Meter Points

Responses invited by: 22 MAY 2019

Respondent Details

Name: Radhika Kalra

Organisation: E.ON

Support Implementation ☒

Qualified Support ☐

Neutral ☐

Do Not Support ☐

Please briefly summarise the key reason(s) for your support / opposition

We support the implementation of this change as it is removing the misalignments surrounding Unregistered New Supply Meter Points between the UNC and the IGT UNC.

Self-Governance Statement

Do you agree with the Modification Panel's determination with respect to whether or not this should be a self-governance modification?

Agree

Please state any new or additional issues that you believe should be considered

None

Relevant Objectives

How would implementation of this modification impact the relevant objectives?

We agree with the proposed relevant objectives

Impacts and Costs

What development and ongoing costs would you face if this modification was implemented?

We don't believe there will be an impact to us for the implementation of this modification

Implementation

What lead time would you wish to see prior to this modification being implemented, and why?

We support the June 2019 release for implementation

Legal Text

Are you satisfied that the legal text will deliver the intent of the modification?

We are satisfied with the proposed amendments to the legal text

Further Comments

Is there anything further you wish to be taken into account?

None

Responses should be submitted by email to IGTUNC@gemserv.com
