Support Implementation ☒

Qualified Support ☐

Neutral ☐

Do Not Support ☐

Please briefly summarise the key reason(s) for your support / opposition

We support this modification as it seeks to aid the transition of the management of Market Participant data from one code to another while ensuring that the IGT UNC accurately reflects this change in ownership, thereby improving efficiency of the implementation and administration of the code.

Self-Governance Statement

Do you agree with the Modification Panel's determination with respect to whether or not this should be a self-governance modification?

While we would ordinarily classify this modification as Self-Governance, we understand it would be beneficial to have the Authority look at the modification with the perspective of aligning changes across codes. Keeping this in mind, we agree with the workgroup that the modification should follow Authority Direction procedures.

Please state any new or additional issues that you believe should be considered

None.

Relevant Objectives

How would implementation of this modification impact the relevant objectives?

Given the nature and aim of the modification, we believe implementation would satisfy Relevant Objective F and promote better administration of the IGT UNC.

Impacts and Costs

What development and ongoing costs would you face if this modification was implemented?

We do not anticipate any development or ongoing costs if this modification is to be implemented.

Implementation

What lead time would you wish to see prior to this modification being implemented, and why?

While we would support implementation for this modification in the next code release, we recognise the need for aligning implementation with the relevant modifications under SPAA and the UNC.

Legal Text

Are you satisfied that the legal text will deliver the intent of the modification?

Yes.

Further Comments

Is there anything further you wish to be taken into account?

We have no further comments.
