

Summary of IGT UNC Workgroups – 9th April 2020

Purpose:

This paper provides Panel members with a summary of IGT UNC Workgroup discussions where applicable each month. Please note that the modifications which are on the Panel agenda are not included in this summary.

[IGT131 – Automatic updates to Meter Read Frequency](#)

- An update was provided on the equivalent UNC modification (0692S Automatic updates to Meter Read Frequency) which would affect the progress of this modification. It was explained that a further appeal had been raised by EDF to the Authority, which is currently still in progress. The modification will therefore be retained on the workgroup agenda.
- Next steps: Await the appeal outcome.

[IGT132 – Introduction of IGT Credit Code Rules](#)

- The Workgroup agreed to carry discussion of this Mod forward to the next workgroup meeting.
- Next steps: Workgroup to review and discuss the legal text further including looking at the analysis indicating the differences between the drafting and provisions under the UNC and Distribution Connection and Use of System Agreement (DCUSA) at the next workstream meeting on 14th May.

[IGT134 – Introducing 'Research Body' as a new user type to the Data Permissions Matrix and the IGT UNC](#)

- The Workgroup agreed to carry discussion of this Mod forward to the next workgroup meeting.
- Next steps: The workgroup report will be completed at the next workgroup meeting.

[IGT135 – Alignment of the IGT UNC Part K and the Data Permissions Matrix](#)

- The Workgroup agreed to carry discussion of this Mod forward to the next workgroup meeting.
- Next steps: The IGT UNC Modification to be amended to keep in line with UNC equivalent.

[IGT138 – Performance Assurance Techniques and Controls](#)

- The Workgroup agreed to carry discussion of this Mod forward to the next workgroup meeting.
- Next steps: The IGT UNC Modification to be amended to keep in line with UNC equivalent.
