

Consultation Response

IGT144U: Ability to Reflect the Correct Customer Network Use and System Offtake Quantity (SOQ) During COVID-19

Responses invited by: 26 May 2020

Respondent Details

Name: Kirsty Dudley

Organisation: E.ON

Support Implementation ☒

Qualified Support ☐

Neutral ☐

Do Not Support ☐

Please briefly summarise the key reason(s) for your support / opposition

We have mirrored our UNC 0725 response. We support the solution proposed and believe it a sensible approach given the current climate. We support a process of validation and evidence production and the request of further clarification if needed.

Self-Governance Statement

Do you agree with the Modification Panel's determination with respect to whether or not this should be a self-governance modification?

Due to urgency it requires an Authority decision.

Please state any new or additional issues that you believe should be considered

No comment.

Relevant Objectives

How would implementation of this modification impact the relevant objectives?

We support the proposer's position on the relevant objectives.

Impacts and Costs

What development and ongoing costs would you face if this modification was implemented?

We do not anticipate any system changes to accommodate this change, but it will require some FTE to conduct the activity and to validate any requests which are put forward.

Implementation

What lead time would you wish to see prior to this modification being implemented, and why?

Immediately upon approval.

Legal Text

Are you satisfied that the legal text will deliver the intent of the modification?

No comment.

Further Comments

Is there anything further you wish to be taken into account?

No comment.
