**Please briefly summarise the key reason(s) for your support / opposition**

We support the rationalisation of IGT UNC Part K to better align with the UNC and Data Permissions Matrix. Having the full listing of parties with data permissions in one place will improve the process and make it easier to administer.

## Self-Governance Statement

**Do you agree with the Modification Panel's determination with respect to whether or not this should be a self-governance modification?**

We agree this Modification should be classified as Self-Governance as it does not have any material impact on gas consumers, competition, pipeline operations, security of supply, governance procedures and it does not discriminate between code parties

## Please state any new or additional issues that you believe should be considered

None identified

## Relevant Objectives

**How would implementation of this modification impact the relevant objectives?**

Positive impact on Objective F as simplifies the process for parties seeking data permissions and streamlines the IGT UNC

## Impacts and Costs

**What development and ongoing costs would you face if this modification was implemented?**

None Identified

## Implementation

**What lead time would you wish to see prior to this modification being implemented, and why?**

Implementation to be aligned with the UNC equivalent Mod, minimal notice required

## Legal Text

**Are you satisfied that the legal text will deliver the intent of the modification?**

We are satisfied that the proposed legal text meets the requirements of this Modification

### **Further Comments**

**Is there anything further you wish to be taken into account?**
