**Please briefly summarise the key reason(s) for your support / opposition**

This modification proposes a simplification of the current arrangements and introduces additional consistency.

## Self-Governance Statement

**Do you agree with the Modification Panel's determination with respect to whether or not this should be a self-governance modification?**

We agree that this modification should be a self-governance modification as we do not consider it has a material impact on gas consumers, competition, pipeline operations, security of supply, governance procedures and is does not discriminate between code parties.

## Please state any new or additional issues that you believe should be considered

None

## Relevant Objectives

**How would implementation of this modification impact the relevant objectives?**

We consider that this proposal has a positive impact on Relevant Objective F as it supports simplification of the current arrangements in both the IGT UNC and the UNC.

## Impacts and Costs

**What development and ongoing costs would you face if this modification was implemented?**

None

## Implementation

**What lead time would you wish to see prior to this modification being implemented, and why?**

We do not consider there is a requirement for any particular lead-time, it would be helpful if this proposal and UNC0697 were implemented at the same time.

## Legal Text

**Are you satisfied that the legal text will deliver the intent of the modification?**

Yes

### **Further Comments**

**Is there anything further you wish to be taken into account?**
