**Do you agree with the Modification Panel's determination with respect to whether or not this should be a self-governance modification?**

We agree that this change needs to be Fast-tracked

None identified

## Relevant Objectives

**How would implementation of this modification impact the relevant objectives?**

Objective C – as it would prevent any IGT being inadvertently placed in breach of Licence when the CDSP commences sending the additional data to DCC; Objective F – as it seeks to realign IGT UNC with UNC

## Impacts and Costs

**What development and ongoing costs would you face if this modification was implemented?**

None identified

## Implementation
