

## Consultation Response

### IGT148: Provision of Class 1 Meter Read Service on IGT Networks by the CDSP

Responses invited by: 17 May 2021

#### Respondent Details

Name: Cher Harris

Organisation: Indigo Pipelines Ltd

Support Implementation ☒ Y

Qualified Support ☐

Neutral ☐

Do Not Support ☐

**Please briefly summarise the key reason(s) for your support / opposition**

We support this proposal as it will ensure continuation of the Class1 Read Service if Large Transporters cease to provide it

## Self-Governance Statement

**Do you agree with the Modification Panel's determination with respect to whether or not this should be a self-governance modification?**

This should be self-governance as it impacts a very small number of sites and the proposal does not materially change the service provision, just the service provider

**Please state any new or additional issues that you believe should be considered**

None identified

## Relevant Objectives

**How would implementation of this modification impact the relevant objectives?**

This proposal supports Objective C by enabling the obligations to provide a Class 1 Read service to remain efficient and economic. It also supports Objective F by ensuring Code accurately reflects the new service arrangements.

## Impacts and Costs

**What development and ongoing costs would you face if this modification was implemented?**

None identified

## Implementation

**What lead time would you wish to see prior to this modification being implemented, and why?**

Implementation should be aligned, as far as possible, with UNC710 & XRN5218, targeting the June 2021 Scheduled Release

## Legal Text

**Are you satisfied that the legal text will deliver the intent of the modification?**

I am satisfied that the Legal text meets the objectives of the proposal

### **Further Comments**

**Is there anything further you wish to be taken into account?**

None

**Responses should be submitted by email to [IGTUNC@gemserv.com](mailto:IGTUNC@gemserv.com)**
