Please briefly summarise the key reason(s) for your support / opposition

We accept that RECCo will need access to IGT data in UKLink, in order to perform its obligations under REC, in particular Performance Assurance reporting.

Self-Governance Statement

Do you agree with the Modification Panel's determination with respect to whether or not this should be a self-governance modification?

We agree with the proposer that this modification should be progressed as Self-Governance

Please state any new or additional issues that you believe should be considered

None identified

Relevant Objectives

How would implementation of this modification impact the relevant objectives?

Supports Objective F, in so far as it provides an efficient way of authorising the release of data to RECCo.

Impacts and Costs

What development and ongoing costs would you face if this modification was implemented?

None identified

Implementation

What lead time would you wish to see prior to this modification being implemented, and why?

Implementation should aim to align with UNC equivalent Mod 0762 and be in place in time for REC v2.0 go live, which is expected to become effective from 1st Sept 2021

Legal Text

Are you satisfied that the legal text will deliver the intent of the modification?

No Legal text required as the DPM sits out with IGT UNC

Further Comments

Is there anything further you wish to be taken into account?
