Please state any new or additional issues that you believe should be considered

Relevant Objectives

How would implementation of this modification impact the relevant objectives?

We agree with the proposer that this modification has a positive impact on Objective D as the proposal should improve Settlements performance and reduce costs by reducing inaccuracies and penalising parties causing problems, thereby improving competition between Shipper/Suppliers by creating a more stable market.

It should also have a positive impact on Objective F by ensuring the same Performance Assurance regime is applied across both Codes

Implementation

What lead time would you wish to see prior to this modification being implemented, and why?

IGT 138V is dependent on UNC 0674, so IGT 138V should be implemented at the same time or shortly after UNC 0674.
