Date: 17th June 2022

Dear Colleague,

Please be advised that Modification IGT161 is expected to be implemented with effect from 05:00 hours on the 18th July 2022 in an extraordinary Code Release.

Please note that the 18th July 2022 is the current expected Centralised Switching Service (CSS) Go-Live Date. If the CSS Go-Live date is changed the IGT161 implementation date will subsequently have to change to align with the revised date.

The implementation decision, legal text and Final Modification Report, which can be found on the [IGT161 webpage](#), were recommended for approval by Panel on the 27th May 2022 and subsequently approved by the Authority on 17th June 2022.

If you have any questions about the Modification or its implementation, please contact the Code Administration using the details provided below.

Yours sincerely,
