IGT159V - Amendments to the Must Read Process	Accept Variation Request	✓	✓		✓
	Issue to Authority	✓	✓		✓
The Panel unanimously accepted the Variation Request made during the Panel meeting, which made changes to the solution and legal drafting (as discussed and agreed by the Workgroup at their October 2022 meeting). The Panel unanimously agreed that IGT159V should be issued to the Authority for decision rather than a further consultation as views on the need for change were already consulted on and the changes in the Variation Request already considered by the Workgroup.					
IGT162 - Appointment of CDSP as the Scheme Administrator for the Energy Price Guarantee (EPG) for Domestic Gas Consumers (Gas)	Issue for Consultation	✓	✓		✓
The Panel unanimously agreed that IGT162 should be treated as an Authority Decision Modification, will have no impact on an SCR, the solution delivers the intent of the Modification and the Legal Drafting delivers the intent of the solution. The Panel unanimously agreed that IGT162 should be issued for consultation for a period of 2 weeks and 3 days to ensure the Modification continues to progress as closely as possible to the related UNC Modification and government direction.
