Please briefly summarise the key reason(s) for your support / opposition

We support the intent of this Modification. This Modification is required to align the IGT UNC with the UNC, in particular Modifications UNC0701 and 0853 that have already been approved and are awaiting implementation.

Self-Governance Statement

Do you agree with the Modification Panel's determination with respect to whether or not this should be a self-governance modification?

We agree that this Modification should be Authority Direction.

Please state any new or additional issues that you believe should be considered

We don't believe that any new or additional issues should be considered.

Relevant Objectives

How would implementation of this modification impact the relevant objectives?

We agree with the Proposer's views in that relevant objectives (A), (B), (C) and (F) are being positively impacted. We don't believe that relevant objective (D) is impacted by the Modification, and should be neutral.

Impacts and Costs

What development and ongoing costs would you face if this modification was implemented?

No ongoing costs are foreseen from the implementation of this Modification.

Implementation

What lead time would you wish to see prior to this modification being implemented, and why?

We would like to see this Modification implemented as soon as possible following any approval, in particular as close to 04/11/23 as possible, to align with its UNC counterpart.

Legal Text

Are you satisfied that the legal text will deliver the intent of the modification and are satisfied with the amendments made following discussions during Workgroup?

We are satisfied that the legal text is sufficient.

Further Comments

Is there anything further you wish to be taken into account?

No further comments.

Responses should be submitted by email to IGTUNC@gemserv.com
