

## Consultation Response

**IGT169:** Aligning the Capacity requirements for NExA Supply Points in the UNC with Capacity requirements for LDZ CSEP Ancillary Agreement (LCAA) Supply Points under the IGT UNC (i.e., bringing Code in line with UNC0701 and UNC0853).

Responses invited by: 20th October 2023

**Respondent Details**  
Name: Andrea Leadenham  
Organisation: Harlaxton Gas Networks

Support Implementation	<input type="checkbox"/>
Qualified Support	<input type="checkbox"/>
Neutral	<input checked="" type="checkbox"/>
Do Not Support	<input type="checkbox"/>

**Please briefly summarise the key reason(s) for your support / opposition**

As a small IGT we do not really have this problem, but agree the shippers should not be able to book capacity without going over what is agreed, although there is no mention of if there are to be any charges for making this change passed on to IGT's. Therefore whilst we agree our response is neutral.

### **Self-Governance Statement**

**Do you agree with the Modification Panel's determination with respect to whether or not this should be a self-governance modification?**

Insert text here

### **Please state any new or additional issues that you believe should be considered**

Insert text here

### **Relevant Objectives**

**How would implementation of this modification impact the relevant objectives?**

Insert text here

### **Impacts and Costs**

**What development and ongoing costs would you face if this modification was implemented?**

Insert text here

### **Implementation**

**What lead time would you wish to see prior to this modification being implemented, and why?**

Insert text here

### **Legal Text**

**Are you satisfied that the legal text will deliver the intent of the modification and are satisfied with the amendments made following discussions during Workgroup?**

Insert text here

### **Further Comments**

**Is there anything further you wish to be taken into account?**
