Do Not Support ☐

Please briefly summarise the key reason(s) for your support / opposition

IGT179 provides the necessary clarity that was currently missing from the NExA tables and relevant documents related to the AQ review process. The extra clarity it seeks to provide will aid users and undertakers of the NExA tables and AQ review process to have a stronger comprehension of the relevancy of the tables, and the dates they are associated to.

Self-Governance Statement

Do you agree with the Modification Panel's determination with respect to whether or not this should be a self-governance modification?

We agree that the Modification meets the requirements for self-governance, and there are no changes of process for, nor additional governance on, any IGT or Shipper parties.

Please state any new or additional issues that you believe should be considered

No new or additional issues identified.

Relevant Objectives

How would implementation of this modification impact the relevant objectives?

We agree that the Modification would have a positive impact on 'Objective (F): Promotion of efficiency in the implementation and administration of the Code.'

The proposed update to the text surrounding the NExA tables, and AQ Review process should promote greater clarity. As a consequence, efficiency in the implementation and administration of Code will be positively impacted, as comprehension of the process and tables is made easier to understand.

Impacts and Costs

What development and ongoing costs would you face if this modification was implemented?

No expected development or ongoing costs identified with the implementation of the Modification.

Implementation

What lead time would you wish to see prior to this modification being implemented, and why?

We support the intent of the Modification to be implemented for the February 2026 release. This will allow additional clarity during AQ review process that will take place in May 2026.

Legal Text

Are you satisfied that the legal text will deliver the intent of the modification?

We are satisfied that the legal text will deliver the intent of the Modification. The changes to the IGT CSEP NExA Table Procedures Document will provide additional clarity that is currently missing from the NExA tables.

Further Comments

Is there anything further you wish to be taken into account?

No further comments.
