5.0	QPL041S	Changes to the Quadrant Pipelines Limited Individual Network Code following Single Service Provision (SSP) implementation	N/A	01/06/2017
6.0	QPL042	Removal of Code Credit Rules from QPL Network Code	N/A	29/06/2023
7.0	QPLXXX	Housekeeping	N/A	XX/XX/2026

1. Network Code

This document (including the Schedule and its Appendices) is the network code of Quadrant Pipelines Limited prepared pursuant to [standard condition 9] of the Operator's Licence.

2. Interpretation

2.1 In this document (other than the Appendices):

"iGT UNC" means the document entitled the "Independent Gas Transporters Uniform Network Code" which has been prepared by the Operator and the Other iGTs as from time to time modified;

"Network Code" means this document as from time to time modified in accordance with the network code modification procedures set out in the iGT UNC or the Operator's Licence;

"Operator" means Quadrant Pipelines Limited a company registered in England and Wales with company number 02528816 whose registered office is at Synergy House Windmill Avenue, Woolpit, Bury St. Edmunds, England, IP30 9UP~~Driscott 2, Ellen Street, Cardiff CF10 4BP~~;

"Operator's Licence" means the Transporter's Licence granted or treated as granted to the Operator;

"Other IGTs" those persons (other than the Operator) holding a Transporter's Licence and who have agreed to incorporate the ~~h~~IGT UNC (with or without amendment) into their respective Transporter Codes;

"Transporter Code" the network code of a person (other than the Operator) holding a Transporter's Licence prepared pursuant to [standard condition 9] of that Transporter's Licence;

"Transporter's Licence" means in respect of a person, a gas transporters licence granted or treated as granted under Section 7(2) of the Gas Act 1986 to such person as from time to time in force;

2.2 Terms used in the Schedule and which are not defined in this document shall have the meaning in the ~~h~~IGT UNC.

~~2.3 Terms used in the Appendices and which are not defined therein shall have the meaning in the iGT UNC.~~

Commented [AB1]: We have no Appendices anymore, so have removed this reference.

3. Provisions of Network Code

3.1 Subject to Clause 3.2, the Network Code comprises the provisions set out in the ~~h~~IGT UNC which are (subject to Clause 3.2) hereby incorporated into this document.

3.2 Schedule 1 to this document and its Appendices set out provisions:

- (a) which are to be applied in addition to those set out in the ~~h~~IGT UNC
- (b) of the ~~h~~IGT UNC which are to be disapplied;
- (c) of the ~~h~~IGT UNC which are to be modified;
- (d) of the ~~h~~IGT UNC which are further defined, detailed or explained.
- (e) of the ~~h~~IGT UNC which are to be delayed in their implementation

SCHEDULE 1

1. References in this Schedule and the Appendices hereto to a "Part" are unless provided otherwise to a Part of the ~~h~~IGT UNC

~~2. The provisions of Part CI 13.2 to 13.6 shall not apply.~~

Commented [AB2]: IGT UNC Part CI Clauses 13.2 to 13.6 no longer exist within the IGT UNC, this is now deferred to UNC TPD Section G Paragraph 5.2

Commented [AB3R2]: For context, UNC TPD Section G, Paragraph 5.2 is Registration Request and Change of Shipper Request Process which talks to the REC, and the use of CSS, which we would likely not want to disapply.

32. For the purposes of the Code "Capacity Variable Component" shall mean in respect of a Customer Charge, the component (if any) thereof the amount of which is determined by reference to the amount of Offtake Capacity allocated to a Pipeline User pursuant to Part B.

~~4. As referred to in Part CIV 5.3, the Operator requires that only the Operator may undertake the works referred to in Part CIV 5.2.~~

54. As referred to in Part G 4.2, the Operator is not required to submit separate Invoice Documents in respect of Invoice Credits and accordingly Invoice Credits may be included in Invoice Documents containing Invoice Amounts.

65. As referred to in Part G4.5, Invoice Remittance Advices will not accompany Invoice Documents and accordingly Pipeline Users are required to produce and complete Invoice Remittance Advices.

76. An Invoice Query notified pursuant to Part G16.2 may additionally be notified by electronic mail to such email address as the Operator may specify to Pipeline Users for the purpose.

87. In Part K23.2(b) the words "or a User Agent appointed by" shall be deemed to have been inserted (and therefore shall apply in addition) after the words "consultant to".

98. The following Clause shall apply in addition to those contained in Part K24: "Nothing in Clause 23.1 shall apply to the disclosure by the Pipeline Operator of Protected Information to any User Agent where the disclosure by the Pipeline Operator of such Protected Information to the appointing Pipeline User would not have infringed Clause 23.1"

Commented [AB4]: IGT UNC Part CIV Clause 5.2 and 5.3 no longer exist within the IGT UNC, this section is now deferred to UNC TPD Section G Paragraph 7.4.

Commented [AB5R4]: For context, this section now points to UNC TPD Section G, Paragraph 7.4, which is the Urgent Cessation of Flow of Gas. This enables transporters to stop the flow of gas for safety, and not be in breach of obligations. Again, probably something we do not want to disapply.
